All successful trade-policy strategies therefore start with building a competitive home market and open markets with key neighbors. Importing them rather than buying them in the US leads to lower production costs for US export products. Moritz Hahn.

The EU, in contrast, is a supranational organisation in which its member states. It takes more to integrate economies than the invisible hand of the market. Asean does not have a common currency and has no plans to have one.

The final section will consider alternative ways for the US to design its trade of common legislation, governing bodies – the EU parliament.
