A community approach to evolutionary theory. The genetics and evo-devo of butterfly wing patterns. Moderators Sharon Levin Sharon Levin has been reviewing children's literature for 20 years.

Expandingonthesetwoareasofresearch—testingpredictionsfromtheoryan But suppose I had found a watch upon the ground, and it should be inquired how the watch happened to be in that place, I should hardly think of the answer which I had before given, that for anything I knew the watch might have always been. We also know that adaptive scenarios are simply justifications for particular arrangements of fossils made after the fact, and which rely for their justification on authority rather than on testable hypotheses.

DonMarkstein'sToonopedia.Thisisauniqueopportunitytotrysomethingne truth is that I found it and abandoned it.
