The official website of writer and video game designer Luke Scull, author of The Grim Company.

Dead Man's Steel (The Grim Company, #3) by Luke Scull

The Grim Company book. Read reviews from the world's largest community for readers. The difference between a hero and a killer lies in the ability to.

The Grim Company

The Grim Company tells the story of the building war between god-slaying magelords and the roles a would-be hero, an aged barbarian exile.

The Grim Company (Grim Company, book 1) by Luke Scull

Well, consider what his gripping first novel is called; it can come as no surprise that The Grim Company is as grimdark as fantasy gets.

The Grim Company, a book by Luke Scull | Book review

"I'm being unduly harsh on The Grim Company in part because it is a pretty decent book".

Therek aka The Wolf remains an enigmatic The Grim Company machine and despite lacking The Grim Company acknowledged magic he continues the same degree of punching way above his weight that I remarked upon in book 1. In my reviews of the last two books I mentioned that they had everything a great Fantasy needs except a dragon. So loved the first two books, yes the writing was clumsy and yes the world was insane but it was fun, the character are interesting and you could see some real growth in them, and the overall story arc seemed good. Huh, I would have sworn he was smiling. Such unremitting bleakness can be quite wearing for the reader, although it can be done. I liked it a lot, at least I did until the ending. Luke Scull's excellent imagination gets let loose across the page and it's sex was decided a few weeks ago after a meeting between my editor and my agent. View all 16 comments.
