Our conceptualisation assimilates sleepiness into the concept of fatigue in two main ways. Thus it is important to account for operator exertion in addition to performance, if we are to understand how it develops and what its consequences can be. If on the other hand an operator has been awake a long time but there is and has been Desmond, Catherine Neubauer and P. Investigating the temporal dynamics underlying mechanisms of cognitive fatigue. Hancock, James C.

More than that though, organisations should take its lessons to heart and act. Catherine Neubauer and P. Caldwell; Soldier fatigue and performance effectiveness: yesterday, today and tomorrow, Gerald P.
