This is an excellent children's book about evolution. Highly recommended.

If you still subscribe to the print magazine, please proceed to your profile page. Must redeem within 90 days. Based on an exhibit from the New York Hall of Science that is currently touring the country, this Darwinian adventure through time explains the hugely important principle of evolution in an accessible, kid-friendly style. My children are 4 and 2.

IlanarateditlikeditMay06, Really good explanation of evolution, and also how great is it that Charles Darwin's great great grandson is black?
