In order to include parents views we had to develop an original qualitative study. We studied 29 articles that were significant in extent and scope in the general press about pediatric activities, meetings, courses, topics, people and institutions in Madrid during that period. Neurological sciences form a multidisciplinary field that produces a wide range of scientific journals.

BlogAlicanteFilmFestivalIngenieria Economica libro. One of these resources is some good practice guidelines for the

preparation of papers both formal and ethical aspects.
