The Unremembered Vault of Heaven Ser. The excessiveness of excess is tamed, and we remain fundamentally within the parameters Hegelianism defined for us, an open un-Hegelianism, rather than a closed orthodox one, but reducing Otherness nonetheless to the logic of the hypothetical. Random House, Sydney. Likethis:LikeLoading She devoted her life to understanding the developmental needs of infants, to creating programs that promote infant mental health, and to reaching parents and policymakers through clear, persuasive prose.....Fraiberg accomplished enough in her life to fill three careers.....During this last phase of her career, Fraiberg started the Child Development Project at the University of Michigan, which served troubled families, trained clinicians, and developed a treatment model that has been widely replicated..... It is the trace of that materiality that cannot be coped .
