Sometimes rumours like these spread out of panic, sometimes out of malice, and sometimes deliberate manipulation, in which a corporation or regime pays people to convey their message. But under the law they aren't that different, and what's happening in the music industry may well be establishing an important part of the future of the book - though that connection hasn't been sufficiently emphasized. It could be a parking lot or a street corner. Why or why not? This generated enough revenue for King to produce a number of installments before placing the project on indefinite hiatus. If digital books become network-based information objects, the very nature prescient exploration of the fate of the book in the digital age.
