Oxford Academic. Furthermore, it invokes 21st century security threats in a rejection of the contemporary regime regulating the use of force.

Stealing a term--and modifying it to some extent--from a proposal advanced by

Grading the NSS is hard. That includes our military might, economic competitiveness, moral leadership, global engagement, and efforts to shape an international system that serves the mutual interests of nations and peoples. But no one should expect radical thinking in this kind of document.

But no one should expect radical thinking in this kind of document. The Obama strategy has made a tentative but important break with the most grandiose assumptions of the liberal internationalism that are still predominant in Washington.
