The language socialization paradigm offers a socioculturally informed analysis of life course and historical continuity and transformation. When first asked to distinguish between allsomeand one Genie would interpret some to mean allbut by she reversed this and began mistaking some for onewhich Curtiss interpreted as a sign of progress. Despiteknowinghowtoaskquestions, shecouldonlyindicatethemthroughfa In both test settings and conversations Genie still sometimes reversed I and youmy and yourand me and youbut during the summer of she began to show definite improvement in both her comprehension and production of first and second person pronouns. As she still wanted to communicate with people she knew, she began almost exclusively using the sign language she learned while living with the Riglers. Bloom, A. Austin: Department of Linguistics, University of Texas. Goodman, Morris F. Makihara, M.
